Description

The RAEME Corps Port is an Annual Corps institution started in 1982. This year's theme is "Maintaining a Modernised Land Force". Purchasers can either pickup their purchase from the RAQ Monthly Meeting (Next one is Feb 2019) or have it posted to them at extra cost.

There is no postage charge for RAQ members picking up port at the monthly Association meetings. There is a limit of two bottles per order due to limited numbers. For those requiring postage, the quote for postage and payment is available at checkout. Please note, calculated postage only covers up to two bottles. Please order Port separately to any other merchandise order, this is due to the unique postage requirements.

Postage costs and options are available at checkout, with members able to "Click and Collect" once logged in, along with your RAQ Discount. If you have any questions, please contact the [Merchandise Officer](#) prior to

ordering. Every effort has been made to verify postage charges, however in some instances we may need to adjust postage rates to ensure we cover our actual cost. We will contact you if this happens.
